READING AN NFO LIST

- An NFO is not cheaper because units are ₹10. What matters is what the fund will own and what it costs.
- Many launches are index funds and ETFs that track an index other funds already track. Ask what is genuinely new.
- Each scheme's SID, KIM and presentation are linked on its page at merasip.com/funds/nfo.

HOW TO INVEST THROUGH TRUSTNER

1. Open the scheme at **merasip.com/funds/nfo** and tap "Request to invest", or WhatsApp 60039 03737.
2. Our team checks your KYC and sends a transaction link for the Regular plan. You approve it; money goes straight to the fund house.

Sources. Each fund house's NFO page, SID and KIM, checked on the dates noted on each scheme's page. Dates can change; the fund house's notice governs.
This summary is prepared from the fund house's offer documents or, where those were not yet posted, published NFO announcements, for information. It is not investment advice or a recommendation to invest in the scheme. We distribute Regular plans and receive commission from fund houses. Mutual fund investments are subject to market risks. Read all scheme-related documents carefully before investing.
